

Q- *What is your wish?*

Q- *How great is your wish?*

Q- Would you like to own Clark shoes worth \$500,00?  
Or do you wish something much simpler?

=====

A- *"My wish is to own a pair of shoes."*

Q- *A pair of shoes?*

A- *"Yes, a pair of shoes."*

This little shepherd's son of the *Bakhtiari tribe* in the southern *Chaahaar Mahaali province*, like many kids in Iran, longs to have a pair of shoes.

Situation such as this was unimaginable and unheard off under the late Shah's regime.

**"Give the Mullahs credit when & where it is due."**

*The legacy of the Mullahs regime in the oil rich Iran.*

The clear result of 28 years of mismanagement, corruption, looting the Iranian assets, stealing, embezzlement and pocketing the nations oil revenues. Giving away free oil to bribe the corrupt Syrian regime, funding terrorists in Lebanon & elsewhere. Signing countless *"by-back"* contracts with the **EU** Governments in order to win their favour all to the detriment of the Iranian nation.
